Delta Flight Attendants to Richard Anderson: Let's Vote Now!

http://www.ipetitions.com/petition/deltaafaelection/

At this time, the National Mediation Board (NMB) is conducting a review of their voting procedures for representation elections for rail/airline employees which includes a public 60-day comment period. A majority of NMB members have now stated that the current voting procedure (50%+1 majority with all votes starting out as "No") is flawed and should be amended to include a democratic Yes/No ballot.

In order to move forward with our merger integration process, the Delta-AFA Campaign Coordinating Committee (C3) recently sent a letter to Delta CEO Richard Anderson asking him to agree to a Yes/No ballot. Legally, we do not have to wait for the NMB to change their voting rules before we can hold our representation election.

Please join us in urging Richard Anderson to agree to a Yes/No ballot in order for our election to be conducted in the same manner as all other democratic elections in this country.
